

Please carry a Research Volunteer Card

TrialsConnect.org/CovidVolunteer

Print this sheet. Cut out the card. Answer the questions YES or NO. Sign it. Fold it. Put it in your wallet or purse.

  <p>I will help research</p> <p>COVID-19 RESEARCH VOLUNTEER</p> <p>TrialsConnect.org</p> 	<p>Please carry a Research Volunteer Card</p> <p>If you go to hospital with COVID-19 you may be asked to join a study. If you cannot consent yourself —you might be helped to breathe by a machine, for example — then your relatives can arrange consent.</p> <p>Your consent process will be easier if you and your relatives have thought about this possibility and the hospital knows this.</p>
<p>If I get COVID-19 I will let researchers...</p> <p>Use my medical records YES/NO <input type="checkbox"/></p> <p>Use my blood or other samples that would be thrown away YES/NO <input type="checkbox"/></p> <p>Take blood or other samples YES/NO <input type="checkbox"/></p> <p>Give me a trial medicine or treatment YES/NO <input type="checkbox"/></p> <p>Name: _____ Date: _____</p> <p>Please carry this card with you</p> <p>This card does NOT give full informed consent for any study</p>	<p>TrialsConnect has had the help of patients, research volunteers, and their friends to produce a card that you can carry. Everyone can immediately know that you are happy to be asked to join certain types of trial.</p> <p>Carrying this card does NOT give automatic consent to joining any trial. You, or a relative, will always have to give 'informed consent' after having the details explained. Help make that process easier for your doctors and relatives from the start.</p> <p><i>Details and other languages at TrialsConnect.org/CovidVolunteer</i></p>
